## What is GEMS All About

Members of **Delta Sigma Theta Sorority, Inc.**, Kansas City Missouri Alumnae Chapter work with and serve as mentors for Delta GEMS participants. The Delta GEMS program provides the framework to actualize the dreams of our youth through the performance of specific tasks, while fostering a 'can do' attitude in high school girls (9th - 12th grades) ages 14 - 18.

Our goals for Delta GEMS are to:

- Instill the need to excel academically;
- Provide tools that will enable participants to sharpen and enhance their skills to achieve high levels of academic success;
- Assist participants in proper goal setting and planning for their futures - high school and beyond; and
- To create compassionate, caring and community minded young women by actively involving them in service learning and community service opportunities.

## How to Get Where You Want to Be???

Delta GEMS can be viewed as a road map for college and career planning. Each component is designed to provide interactive lessons and activities that provide opportunities for self reflection and individual growth. The topics within the components include but are not limited to: self-esteem building; personal health; developing healthy relationships; how to take notes and study; career planning; completing college applications; dressing for success; interviewing for a job; and writing a job resume.

## College Preparation is Essential!!!

What you'll learn with Delta GEMS...

- Financial, savvy planning
- Value of academically stacking the deck in your favor
- Understanding the scholarship search
- The difference between the ACT and SAT tests and scores
